COMPANY PROFILE

TECHNOBIZ (Private) Limited is a unique amalgamation of professionalism and technology to offer modern industrial services. With a top notch team of business and technical strategists we specialize in integrated engineering, instrumentation, control systems, installation, commissioning maintenance, technical training and human resources development.

TECHNOBIZ started with a conviction that in Pakistan's emerging industrial sector, there is a need for an organization which can provide complete industrial solutions and act as a bridge between external and internal resources and the customer. Company CEO has a vast industrial sales and marketing experience by virtue of his 26 years of association with EMERSON Process Management (formerly Fisher-Rosemount). Our Directors also have diverse experience of handling small to medium scale projects. This techno-business experience and unique skill set of leadership makes us a scalable, reliable and high-priority option for industries. We believe that operational philosophy should be laid down around a concept of solution provider and system integrator where all kinds of services should be made available to its customer at a single source.

CORE SERVICES:

- Review customer requirements & provide customized solutions
- Cater to severe service Industry solutions
- Application engineering consultancy
- Field installation support
- Commissioning and startup assistance, including after sales service
- Training of customer engineers and technicians

International Collaborations

TECHNOBIZ has signed the agreement as Local Business Partner with a number of world-renowned manufacturers in the field of instrumentation & control, moreover partnering technical training services with:

EMERSON Process Management

• Fisher Valves **FISHER** **BAUMANN**

- Sliding stem valves (Globe / Angle / Threeway)
- Rotary Valves (Ball / Butterfly)
- Severe Service Valves (Anti – Cavitation / Anti – Noise / Dirty Service)
- FIELDVUE Smart positioners
- Controllers
- Displacement type level controllers / transmitters
- Educational Services

Major Customers

Oil and Gas

- ENI Pakistan
- Sui Northern Gas Pipelines Limited
- Sui Southern Gas Company Limited
- Oil & Gas Development Company Limited
- BHP Pakistan
- OMV Pakistan
- Pakistan Petroleum Limited
- Mari Petroleum Company Limited
- United Energy Pakistan
- MOL Pakistan
- Pakistan Oil Fields Limited

Oil Refining

- Pakistan Refinery Limited
- National Refinery Limited
- Attock Oil Refinery Limited
- Pak Arab Refinery Limited

Chemicals & Fertilizers

- Fauji Fertilizer Limited, Sadiqabad
- Fauji Fertilizer Limited, Mirpur Methelo
- Fauji Fertilizer Bin Qasim Limited
- Agritech Limited
- Pak Arab Fertilizers Limited
- Fatima Fertilizer Limited
- Dawood Hercules Limited
- ICI Soda Ash Business
- Engro Polymer & Chemicals Limited

Power

- Water & Power Development Authority
- Karachi Electric Supply Corporation
- Independent Private Power Plants

Food & Beverages

- Nestle
- Proctor & Gamble
- Unilever

• **Natural Gas Technologies**     

A complete range of products and solutions as stated below under four major brands of Fisher, Francel, Tartarini, Jeon & Tescom :

- Gas pressure Regulators, Pressure Relief Valves & Slam Shut Valves
- Pressure Regulating & Metering Systems / Skids
- Gas Conditioning solutions, Odorizer Systems / Skids
- Gas Separation & Filtration Systems / Skids
- LC-21 Remote Automation Systems
- Power Plants Skids
- LNG off-take stations / Skids

• **Remote Automation Solutions**    

A complete range of Flow Computers, Presets, RTU, Field Based Control Systems, PLC and Scada Systems.

• **TopWorx** 

A complete range of Go Switch- Leverless Limit Switches and Valvetop – Discrete Valve Controllers and Switch boxes.

• **Valve Automation**         

A complete Valve Automation Solution for Oil & Gas Pipelines and Refining, Petrochemical and Chemical industries from the world leaders, which includes: Bettis, Field-Q, Shafer, Hytork, Dantorque, El-O-Matic and EIM Electric Actuators.

Airgas Inc , USA (Airgas Specialty Gas) 

Air gas Inc. is one of the largest companies of industrial and specialty gases and related equipment to industrial markets. It deals in Specialty gases like Helium (Carrier gas for Gas Chromatograph), Calibration gas for Gas Chromatograph and Custom Gas Mixtures. Some of the other products are high-purity gas, precision blends, VOC mixtures, transportable specialty gases, halocarbons and follow the standards like NIST traceable calibration standards, EPA protocol standards, etc.

Wika Alexander Wiegand SE & Co. KG, Germany & Italy 

One of the most qualified and reputed company providing testing and calibration equipment for the process control instrumentation e.g. Portable Calibration Equipment Test Benches and complete Calibration Systems.
